

JOB REQUIREMENTS: SENIOR FOOD SCIENTIST

Description:

We are seeking to incorporate a Senior Food Scientist to join our growing team. IRIS is an advanced engineering company that specializes in process monitoring and control solutions & novel technologies for process optimization. You will work as part of a team of scientists and engineers involved in different R&D projects related to packaging development, agro-food waste valorisation and food decontamination technologies.

We operate in a demanding high-performance environment where you will be continually stimulated and you will grow a lot. Up for it?

Requirements:

- A Degree in Biology, Chemistry, Food Science & Technology or similar. Holding a PhD would be highly valuable.
- An advanced level of English is a must.
- Trained in waste valorisation, recovery of protein or other valuable compounds.
- Expertise in ultrasound techniques.
- Hands-on experience in Physico-chemical and microbiological analysis of food products.
- Excellent reporting skills.
- Leadership skills.
- Willingness to travel.

Additional Skills:

- Skilled in statistical software tools
- Experience with HPLC, GC, UV-Vis, DSC, microscopy, etc.
- Experience in leading teams.
- Result-oriented versatile, attention to detail, strong organizational skills, the ability to multitask, curious and proactive attitude.

What we offer:

- Working in challenging R&D European projects.
- Multidisciplinary and multicultural working environment.
- Flexi-time working hours.
- Fridays afternoon off.
- 23 business days of vacations + public holidays.
- Ticket Restaurant, Ticket Transport, ticket Guarderia (Optional).
- Private Health Insurance (Optional).
